**From:**  
**To:** <gpscno4@parliament.nsw.gov.au>  
**Date:** 4/07/2005 10:37 PM  
**Subject:** submission under section 3) any other related matters

---

My name is Dave Morrow, as such we definitely agree with the construction of the new road (Yes this property is minorly affected by the new road). What we do not agree with is the proposed route across the Macleay Valley floodplain, this is one of the largest catchment areas on the east coast and building an embankment across it is going to have disasterous consequences during major floods. It is unbelievable that with todays technology that the powers that be seem to think that they know more than anyone else and can just put a road where-ever it is cheapest. This road is going to carry traffic for the next hundred years, yet they intend to build one that could very possibly get washed away before they can complete construction.

Regards,  
Dave Morrow....
