

INQUIRY INTO SAME SEX MARRIAGE LAW IN NSW

Name: Name suppressed

Date received: 15/02/2013

Partially Confidential

I believe that the legislation to pass the law on same sex marriages should not be permitted as the marriage between a woman and a man is a fundamental and sacred foundation in our society and this must be preserved. We must allow freedom of religious rights to all people. Children must be given rights and this law will prevent this. The marriage must be protected between man and woman as God and creator ordained it.
