## **INQUIRY INTO GREYHOUND RACING IN NSW**

**Name:** Ms Louise Cronk

**Date received:** 5/11/2013

---

Dear Director,

Breeding these animals for our own entertainment and sport is a disgrace. The way these animals are pushed beyond their limits then killed when they aren't fast enough is disgusting and immoral. Using drugs to further the speed of greyhounds is abhorrent. This whole industry is absolutely revolting and something needs to be done. In a perfect world this industry would be shut down completely, however the likelihood of this occurring is minimal so at this stage I would settle for the humane treatment of all animals, no drug abuse and as a side note - maybe the owners/trainers should be racing then bludgeoned when they don't finish a fast enough.

Sincerely,

Louise Cronk
