

INQUIRY INTO NSW WORKERS COMPENSATION SCHEME

Name: Name suppressed

I was injured after a severe fall at a dept of education facility, I was given a number to ring after attending hospital and duly rang and reported. The initial communication was okay but from there on, for only four days and 4 hours I was made to all but beg for any assistance. Ended up having to get a solicitor to contact the insurance company, then I was told because I was a casual (doing the same job everyday for seven years) I wasn't entitled to the amount I claimed MY WAGES FOR 4 DAYS and 4HRS. What a joke I hope no O'Farrell family members get hurt.
