I am very concerned about the future of my family, as i have just posted to cessnock 12 months ago, with a newborn baby and after selling our property, purchased a house in Kurri Kurri. I have already sold this property in Kurri Kurri as the plans to privatise Cessnock Gaol have stressed my wife out considerably to the point where we had no choice but to sell up to come out of our purchase with little loss. The decision of privatisation has affected my relationship so much that my wife and i are considering seperation due to stress and all the mind games this department has put me through over the last 15 months.
