Dear Sirs

My name is Suzy Bogojevic. I work at Pearl Leather at the Designer Outlets Liverpool and I am totally disappointed with the outcome of the Centre closing. I am the bread winner of my family which are both old and suffering many health issues. I support them financially and with the Centre closing I will lose my job, my income and my stability. I rely on the Designer Outlets as it is close to my home. This job has supported me financially. It is a great disappointment to me, to family and friends that shop here, that this place is closing down.

It would be a loss to the community but a bigger loss to me and my family. Bob Carr has promised everyone will get jobs, but would it be locally? And when? I need work now. I cannot rely on the dole, it is not enough. I had plans to get married but all my plans are on hold. I am stressed, angry and cannot sleep at night thinking, Why Me? Why my job was going excellent and I had plans for the future. I wish Bob Carr would promise that the Centre would still be operating rather than him promising jobs because I cannot see it happening. It's a joke, laughable.

Thank you Bob. I will remember you at the next election. Not just me, workers, supporters, families and employees at the Designer Outlets. Then it's going to be our turn to see how it feels to lose your job. I pray to God every night for the Centre to stay open. It is good for workers and good for everyone
