INQUIRY INTO SAME SEX MARRIAGE LAW IN NSW

Name: Name suppressed

Date received: 8/02/2013

Partially Confidential

To make same sex marriage law you would be undermining the whole fabric of our society. By violating God's laws you will take away God's blessing from our Nation, which we have been enjoying for many years, and which is taken for granted by most.

It will be an irreversible step.

It brings no positive benefit to our society, but salves the conscience of those who break God's Commandments.
