LEGISLATIVE
COUNCIL

Sir/Madam, with regards your deliberations

over C.S.G. mining; if an aquifer
and its confining impermeable layers
are breached by the 'fracking'
process, who or what will glue
these back together?

This industry is driven by nothing
but ignorance and greed!

There are no long term jobs or benefit
in it!

Our children & children's children will
curse us if we do not close this
industry down, forthwith!

Yours sincerely
