INQUIRY INTO SAME SEX MARRIAGE LAW IN NSW

Name: Mr Murray Cheers

Date received: 16/02/2013

I believe that there is no such thing as equality and that including same-sex couples helps redefine marriage into a promotional same-sex environment. While equalising opportunities is a noble idea in theory, the reality that I have seen is that equality invariably means special privileges and preference for the "disadvantaged" group. As I do not belong to that group, I do not support or particularly care about their point of view. I feel it is about time heterosexual people ceased feeling pressured into supporting an agenda that erodes their identity and interests.
