Joint Select Committee on the NSW Workers Compensation Scheme
Parliament House

SYDNEY NSW 2000

Dear Sir,

We acknowledge and appreciate the opportunity to communicate input into the current review on the NSW Workers Compensation scheme on behalf of our Company.

Our Company totally endorses that workplaces must endeavour for a safe working environment for all our employees and that procedures are in place to ensure that injured employees are supported to ensure a quick recovery.

We have received MTA NSW submission to the Committee and endorse its totality. It is our belief that the Association has canvassed all the areas and concerns that our business experiences under the current scheme. We also strongly endorse their proposals as wisely canvassed in their submission.

In the interest of the committees time, rather than restate all the points of reasoning by MTA NSW, it is suffice to advise our total endorsement of the MTA NSW Document.

We are also conscious that the current system is in need of serious reflection and a total rethink of the present business practice and procedures. We also endorse change as the impact and burden on business is no longer sustainable, productive or reasonable and fair.

Kindly,

MICHAEL T. TYNAN, OAM, QM
