Marriage is the unique relationship between a man and a woman. If two males or two females choose to live together so be it. Marriage is an entirely different matter. After marriage between a man and a woman or two females or two males is the desire for children! Only two people are eligible to produce children that is a man and a woman! Not two females or two males just not possible! Please leave the sanctity of marriage the way it should be in the eyes of God a man and a woman.
