LEGISLATIVE
COUNCIL

Dear Upper House members

I wish to complain about
the threat to my property in Sutton Forest

My husband and I have spent
forty two years pasturing improving
and are classified as a specially certified
in commission.

Our land is well maintained
and we grow pasture, breed cattle
and Ultrapol sheep for market.

We have also replanted hundreds
of eucalypts and Australian native
trees.

The threat to us and our family
of coal drilling, CSG and interference
to our spring dam is life threatening
to our existence and our responsible
role as Southern Highlands landowners
Please reconsider your policies.
Yours faithfully,

DR. MRS C.T. McDONALD
