## INQUIRY INTO COAL SEAM GAS

**Name:** Name suppressed

**Date received:** 1/09/2011

Partially Confidential

As a concerned citizen of Australia I would like to voice my objection to Coal Seam Gas mining.

If there is even a small chance that contaminants will pollute the ground aquifers, then I believe it is **TOTALLY IRRESPONSIBLE** and unreasonable of the Australian Government to allow this grab for resources by massive corporations to go ahead.

Thank you in listening to the voice of the people you are there to represent.

Yours sincerely,
