

INQUIRY INTO SAME SEX MARRIAGE LAW IN NSW

Name: Name suppressed

Partially Confidential

I think marriage should be legal between any two people in love, regardless of race or gender. Denying gay people the right to marry is the same as previous archaic laws such as denying women the right to vote. It is a basic human right to be allowed equal opportunity. Allowing gay/lesbian/bi/transgender people to marry will not change the world for the worse, or encroach upon anyone's lifestyle. Think how silly we'll look to future generations for waiting so long. Please realize that there are a lot of people in Australia and all over the world who support gay rights, and that that number is outnumbering those who are bigoted, small minded and oftentimes pious and hypocritical. I am straight and I support gay marriage.
