## **INQUIRY INTO GREYHOUND RACING IN NSW**

Dear Director,

I don't have much to say on this matter since anyone with a conscience can see the lack of humanity shown by the treatment of this breed. Generally, greyhounds are affectionate by nature and are therefore not a threat to society. So where is the humane and/or logical reasoning for their lives to be ended?

Honestly, I don't know anything about what goes on 'behind the scenes' of greyhound racing, but I sincerely hope the dogs aren't drugged.

I think it is of high importance that the government looks into this matter and, if they discover that these accusations of animal abuse are true, the people responsible are dealt with harshly and the situation is taken seriously.

I appreciate you taking the time to read this.

Sincerely,

steph isbester
