# SUBMISSION TO NSW PARLIAMENTARY INQUIRY INTO SOCIAL, PUBLIC AND AFFORDABLE HOUSING

This is an important opportunity for you to tell the NSW Parliament your views on public housing. You might consider some of these issues:

- ▲ What problems do you see in how public housing is being managed?
- ▲ What issues arise when people do not have appropriate housing – for example, what are the impacts when people are waiting for housing or waiting for maintenance? Does it contribute to money and health problems, family separation and difficulties, homelessness, issues with children attending school?
- ▲ Do you believe there should be an increase in the supply of social and public housing? If so, why?

Dear Director,

I am writing to make a submission to the Parliamentary Inquiry into social, public and affordable housing. Please see my comments below:

Public housing in Glebe is shockingly managed. We live (in private rented accomodation) surrounded by yaregale-bodied people in public housing who choosenot to work. a twenty-something girl lives <sup>alone</sup> in a two-bed house (suitable for a family) and the property is given over to drugs, parties and prostitution. There should be no increase in public housing, it should be properly managed by housing NSW.
