Confidential

I am opposed to the demolition of Power house Museum building to make way for more high rise development. I am sure these developments will only serve the short term interests of developers , not the long term benefit of the community or our city and its heritage. I would like the historic building preserved and put to other public use. For the benefit of all the local community the city , and preserved for future generations as an historic representation of the nations industrial past. Thank you for your consideration.
