INQUIRY INTO CROWN LAND IN NEW SOUTH WALES

Name: Ms Ann Edvall

Date received: 10 July 2016

I would like to lodge a submission in regards to the current \$38million plan to upgrade the Bondi Pavilion in NSW.

The \$38 million upgrade does not retain the Bondi Pavilion space as a public recreation space, in line with its dedicated purpose under the Crown Lands Act, and will result in significantly less space for community.

Current plans for the Bondi Pavilion shift the purpose of the building from a community building for public recreation to a commercial precinct, this is not consistent with the purpose of Crown Land.
