INQUIRY INTO MUSEUMS AND GALLERIES

Name: Ms Cedar Prest

Date received: 12 July 2016

I wish to voice my shock at your contemplation of moving this important cultural icon and tourist venue from Central Sydney. Please reconsider It's not about resale land value but our culture. Parramatta wants a museum to reflect its own story The recycling of the Powerhouse is a great example now followed by Carrageworks . Money you need can be found elsewhere please. These Art institutions are more popular than sport and attract greater numbers and contribute to the economy. Do look at the figures before you commit an act of Vandalism please. Thanks Cedar Prest OAM past chair of the Crafts Board of the Australia Council.
