INQUIRY INTO CROWN LAND IN NEW SOUTH WALES

Name: Mrs Jacqueline Franklin

Date received: 16 July 2016

I am against all proposed changes to Crown Land, I am saying NOT to SELL and NOT to make ANY changes.

CROWN LAND is a LIFE heritage along with Aboriginal heritage as an ongoing future permanency, In times of severe drought the The Stock Routes are there and indeed endurance trail riding activities for horse riding enthusiasts, the environmental values and the decreasing animal numbers of our wild life now hangs in the balance with excess Mining activity it appears.

If sold off to unknown organisations and/or perhaps profiteering organisations National and/or International may make for difficult changes.in the future..Please DO NOT SELL.Please keep what is ours for future generations

J Franklin
