INQUIRY INTO CROWN LAND IN NEW SOUTH WALES

Name: Ms Beverley Maunsell

Date received: 18 July 2016

I herewith submit that public crown land should not be disposed of. In particular, the Department of Planning, or any other government department should not be given the authority to transfer Crown Land to private ownership.

Further I submit, if any land is deemed to be without value, extensive consultation over an extended period should be undertaken to ensure no piece, or parcel of land is removed from public ownership without community agreement.
