## **INQUIRY INTO CROWN LAND IN NEW SOUTH WALES**

**Name:** Mr John Wiggin

**Date received:** 24 July 2016

To Premier Baird,

There is significant community concern surrounding the future management of Crown Lands in NSW . over 600 submissions were made in response to the governments White Paper, with many of these submissions highlighting the important environmental, social, cultural and economic values of Crown Lands.

It is important that the Government provide adequate justification for its proposed reforms and establishes clear safeguards to reassure the community that their concerns will be addressed under the new management regime.

To this end , I urge the Government to undertake further public consultation and release a draft Exposure Bill for public consultation prior to introducing new legislation in the NSW Parliament.

Yours sincerely,

John Wiggin
