Date received: 12 August 2016

Subject: Submission:- Proposal to Move Power House Museum from Ultimo to Parramatta!

1. My question is why moving Power House Museum, just to get money from Developers but the move will cost \$1 billion so making money doesn't justify the move!
2. The Ultimo Power House Museum is a historical and cultural hub for local, national and international visitors. When tourists visit Sydney CBD to see Opera House, other museums in the city, Paddy's market for cheap souvenirs they visit Power House Museum in Ultimo. So why depriving all these visitors to see so many wonderful exhibitions displayed at the Power House Museum in Ultimo.
3. People like me pensioners who just make both ends meet, get the opportunity to see amazing exhibitions during Seniors' week. Sometimes Ultimo residents get free entry then we take the opportunity to enjoy and increase our knowledge.
4. No farsighted government should be prepared to destroy traditional architecture of historical and cultural importance.
5. Rather than moving Ultimo History to Parramatta, why not have a museum in Parramatta relating its own local history.
6. Please do NOT move Power House Museum from Ultimo to Parramatta for the sake of our future generations who would be enlightened with our historical and cultural monument.
