

**INQUIRY INTO ENROLMENT CAPACITY IN INNER CITY
PUBLIC PRIMARY SCHOOLS**

Name: Name suppressed
Date received: 18 September 2016

I oppose my children being shunted to demountables in a lead-contaminated park whilst a new yet inadequate high-rise school is being built. We were promised a new school with vastly greater capacity on the old council depot site. It is so close and perfectly situated, and discounted by council too! We need far greater capacity to cope with future demand from the Darling Quarter and Bays Precinct redevelopments. Ultimo & Pyrmont are densely populated and this is only increasing. We need open space for our children to play and for adults to relax and exercise, we can't fill every square cm of green with buildings, be they temporary or not. Our children don't have a high school in the area, don't fail to provide them with a suitable primary school either. Please.
