

**INQUIRY INTO OFF-PROTOCOL PRESCRIBING OF
CHEMOTHERAPY IN NSW**

Name: Ms Sharon Drake

Date received: 25 October 2016

To Whom It May Concern,
I have been a patient of Dr Phadke for 10 years
I have follicular lymphoma
Dr Phadke is an amazing doctor and a most lovely man
He has treated me with radiation, oral chemotherapy & IV chemotherapy
I owe my life to this man
If I had had a lesser experienced doctor I may not have been alive to write this submission
I now have to see another oncologist whom I do not have the same faith and trust
I would like to see Dr Phadke back as he always has my best health interests in check
Dr Phadke also is a community oriented man
He single handedly raised funds for the chemo ward at Sutherland hospital so the patients
could have new chemo chairs
All I can say is Dr Phadke is a gift from God and I am thankful everyday to him for keeping
me alive against all odds for 10 years
Yours faithfully
Sharon Drake
