

**INQUIRY INTO OFF-PROTOCOL PRESCRIBING OF  
CHEMOTHERAPY IN NSW**

**Name:** Ms Sandra Greck

**Date received:** 25 October 2016

---

To Whom it May Concern : In March, 1986, I was diagnosed with Non Hodgkin's Lymphoma by Doctor Kiran Phadke. I have been a patient of Doctor Phadke since then and underwent numerous tests and treatments, including chemotherapy and radiation. Whilst under his care I have found him to be the most caring and professional practitioner I have ever known. I believe him to be a man of the highest integrity who displays the utmost compassion towards his patients. During the past 30 years I have received ongoing treatment and regular checks from him and this is still ongoing. I have the utmost regard and respect for Doctor Phadke both as a person and a practitioner and cannot speak too highly of him.

Yours Sincerely,

Sandra Greck.
