Subject: Business Adjustment Program - Update

To:

Dear Sir/Madam,

As you may be aware an Upper House General Purpose Standing Committee inquiry is currently being conducted into the NSW commercial fishing industry. This inquiry will further ensure the social and economic value of the industry is recognised, but will not halt the reform.

Commercial fishers are encouraged to continue adjusting their businesses in preparation for the new share linkage arrangements.

As a result of the inquiry, the following dates will be adjusted:

- low interest rate loan and fishing business buy-out applications will be kept open until early 2017
- share transfer applications will also be extended to early 2017
- registrations for the subsidised share trading market will now open in early 2017
- consultation on the new share linkage regulations will not open until the inquiry is complete.

Revised dates will be published on the DPI website once confirmed.

For more information call the Business Adjustment Program information hotline on 1300 726 488 or visit www.dpi.nsw.gov.au/asp

Regards,

Dr Geoff Allan

Deputy Director General
