INQUIRY INTO ROAD TOLLING

Name: Mrs Christine Shaw

Date received: 19 February 2017

I wish to show my disappointment in having the toll put back onto M4. When it was removed 7 years ago, we were told that we Western Sydney residents had paid for our roadway, that we would not see another toll put back and that the government was grateful for our contribution. Now we are to have a toll again for another 40 years with no guarantee of it being a fixed price but it still will not fix the disgraceful roadway that is a carpark from Penrith to Parramatta. Why should we have to pay again? Seems like once again the Western suburbs of Sydney have to prop up all of the residents of Sydney
