

**INQUIRY INTO STUDENTS WITH A DISABILITY OR
SPECIAL NEEDS IN NEW SOUTH WALES SCHOOLS**

Name: Name suppressed

Date received: 15 February 2017

Partially
Confidential

As public school teachers and NSW Teachers Federation members we continue to campaign for the right of every student to receive a public education of the highest quality and for all students to become successful learners.

We are committed to equity and excellence for every student and in doing so assert, as was confirmed in The Review of Funding for Schooling (Gonski Review) that it costs more to deliver on these values for students with disability.

We will not stand by the currently inadequate provision of education to students with disability and the lifelong implications this inequity has.

The National Education Reform Agreement (NERA) and Australian Education Act 2013, acknowledge the requirement for, and commitment to additional funds for students with disability. The NSW government's unwavering commitment to the Gonski funding model paves the way for this investment to be realised.

We stand ready to work with our employer and NSW government in delivering equitable quality education but can only do so effectively when equipped with the necessary tools and supported by a system that is responsive to need.

We offer the following submission as an index of unmet need and a call for equity for every student.

A) Equitable access to resources for students with a disability or special needs in regional and metropolitan areas.

We have high needs students (eg autism) and receive no extra funding.

B) The impact of the Government's 'Every Student Every School' policy on the provision of education to students with a disability or special needs in New South Wales public schools.

Again, our students with disabilities that require funding for them to achieve equitably receive no extra funding.

C) Developments since the 2010 inquiry by General Purpose Standing Committee No. 2 into the provision of education to students with a disability or special needs and the implementation of its recommendations.

Any funding required for these students at our school has to come from the allocated budget. This is not satisfactory. External funding is vital for these students to reach expectations and outcomes.

D) Complaint and review mechanisms within the school systems in New South Wales for parents and carers.

We follow school procedures and department policies at all times.

E) Any other related matters.

We have a number of high needs students who require extra funding and are not able to access this externally. We have no option but to address this using our RAM allocation which is unacceptable when budgets are extremely tight.

This email was sent from the NSW Teachers Federation website.
