INQUIRY INTO ROAD TOLLING

Name: Mr Gregory Edwards

Date received: 20 February 2017

Reinstating the M4 toll would mean that we are left with no effective transport option for accessing Sydney from our western suburbs home that does not involve a toll. As our daughter lives at Mosman, this would mean new M4 tolls, or M4, M7, M2, Lane Cove Tunnel and Military Road off-ramp. We did once try Public Transport which involved 2 and a half hours each way, as opposed to 50 minutes by car. Not really an effective transport option.
