## **INQUIRY INTO ROAD TOLLING**

**Name:** Mr John Crichton

**Date received:** 24 February 2017

---

The people of Sydney were originally told the M4 toll was to pay for the road. Once paid for, the toll was removed. The recent upgrade as part of West Connex should have been fully funded when proposed. Blue Mountains residents needing to travel into Sydney have only one free road to drive on, with the round trip on the M7 and M5 now costing around \$24 or \$120 per working week. This Government is awash with stamp duty receipts and can afford to leave the M4 toll free. Please leave it alone.
