## **INQUIRY INTO ROAD TOLLING**

**Name:** Mr Christopher Forwood

**Date received:** 25 February 2017

---

I strongly oppose the toll on the M4 motor way. I have lived in the blue mountains for 31 years and I helped pay off this motor way many years ago. I am approaching retirement and won't have to use the road much longer but my son in law is a labourer on a low wage and he will have to pay the toll every day which will put a further strain on the family budget for my daughter and three grand daughters. This is a typical family living in the western area of Sydney many others can't afford it either. Please stop the M4 toll.
