INQUIRY INTO ROAD TOLLING

Name: Ms Melissa Hutchison

Date received: 25 February 2017

majority of this road has already been paid for from a previous toll on the M4. Its ridiculous that the driver is yet again being ripped off, and i cant see how these new updates are going to make much difference. there is just too many people on our roads to cope now ! how can road tolls be charged when there will be very little difference. ?
