**INQUIRY INTO STUDENTS WITH A DISABILITY OR
SPECIAL NEEDS IN NEW SOUTH WALES SCHOOLS**

Organisation: Ms Sue Muir

Date received: 25 February 2017

Funding increases urgently needed, as current arrangements are ludicrous. Children receiving one-on-one support through NDIS (psycho-social disabilities) receive scant support throughout the school day. Classes disrupted, teachers stressed, special learning support units over-stretched, and student- PWD unable to achieve their full potential.
