

INQUIRY INTO ROAD TOLLING

Name: Name suppressed

Date received: 6 March 2017

Partially
Confidential

The M4 is a highway used to get to and from work--to and from activities in the larger centres--to and from east to west. It is a LONG way to the mountains and we really don't need to spend MORE money to travel around. we are already surrounded by toll roads and please! no more!! People in Sydney aren't paying as they drive the way we in the west are forced to do. NO MORE TOLLS.
