INQUIRY INTO 'ENERGY FROM WASTE' TECHNOLOGY

Name: Mrs Catherine Hosking

Date received: 7 May 2017

In regards to the incinerator in Western Sydney, I am disgusted that there is even plans to allow this so close to residential areas and schools!!

We already are putting up with horrid smells nearly every day (this has gone on for years), and there is no guarantee that they are safe!

Please do not allow this to be built in our backyard!!!
