INQUIRY INTO 'ENERGY FROM WASTE' TECHNOLOGY

Name: Mr Gavin Wilson

Date received: 7 May 2017

We dont want this next to our houses and schools Its bad enough we have 3 to 4 tips in 15klm radius The smell already from these tips is horrendous Not to mention the burn off at this incinerator is told to Be almost anything.. how do we know tthis wont affect our helth Or the environment around here..

Why not take it out next to the power plants at lithgow and keep it Away from people...
