## **INQUIRY INTO 'ENERGY FROM WASTE' TECHNOLOGY**

**Name:** Mrs Leanne Flood

**Date received:** 22 May 2017

---

I am concerned of the health of my community. Whilst I am under the impression that there have been air quality checks I would like to know whether this has been done with the consideration of having the Badgery's Creek airport that will be only another 1 - 2 kms away.

The population in Western Sydney is equivalent to that of the Northern suburbs but I can guarantee if the proposal was for the Northern suburbs it would not go ahead.

I oppose this Incinerator.
