## **INQUIRY INTO 'ENERGY FROM WASTE' TECHNOLOGY**

**Name:** Mr Mohammad Sami

**Date received:** 22 May 2017

---

I, as a resident of Minchinbury, strongly object to the building of an Incinerator near Minchinbury on the grounds that omissions from the incinerator have the potential to adversely affect my health and of my family members including my grand children attending Minchinbury Public school. It also has the potential to to add to the discomfort caused by the existent waste disposal facility located nearby. Increase in the local traffic and pollution is also a big hazard that can adverseley affect the quality of life for the residents of Minchinbury.
