INQUIRY INTO 'ENERGY FROM WASTE' TECHNOLOGY

Name: Mrs Emma Powney

Date received: 22 May 2017

I would like to put my name down as I do not want the Incinerator in Western Sydney to go ahead. I have two small children and we live within the proposed area. I do not want toxic ash in the air near my home or my children's school. If this is something that needs to be done, then it should be moved further out and not near residential properties. Please consider all these submissions as I believe this will cause major health issues if approved.
