INQUIRY INTO 'ENERGY FROM WASTE' TECHNOLOGY

Name: Mrs Kerry Tosswill

Date received: 23 May 2017

I am writing to oppose the development proposed for an incinerator to be built in Eastern Creek. I have grave concerns regarding the location and impact on the environment and residents living in the surrounding areas. I am also concerned re the lack of infrastructure to support such a development, in particular the local hospitals which will see increased presentations and admissions with respiratory related conditions.
