No 239**

## **INQUIRY INTO 'ENERGY FROM WASTE' TECHNOLOGY**

**Name:** Mrs Sherry Melika

**Date received:** 24 May 2017

---

Waste Incinerators are a polluting unsustainable technology. Burning resources and creating toxic pollution.

I am putting my submission as the incinerator will result in the below

- 1- Release toxic air pollutants
- 2- Produces toxic ash
- 3- Destroys resources
