## **INQUIRY INTO 'ENERGY FROM WASTE' TECHNOLOGY**

**Name:** Mr Filiz Mentesh

**Date received:** 27 May 2017

---

We cannot afford to move houses and deserve clean air and healthy living.  
The incinerator will reduce our air and life quality.

Why should my kids suffer and get Asthma. Smoking in public areas is banned, so should the incinerator.

Please stop...No incinerator for western sydney
