INQUIRY INTO 'ENERGY FROM WASTE' TECHNOLOGY

Name: Mr Phillip Roffey

Date received: 28 May 2017

I would like to submit that the placement of the Incinerator at Eastern Creek, as part of the proposal on 'Energy From Waste' would greatly impact the air quality to the detriment in St Clair and neighbouring areas already affected by numerous surrounding council tips. In the future, we also will have the Badgery's Creek Airport adding to the impact in our area on air quality still more. I ask that the NSW Government not have the project going ahead at Eastern Creek.
