## **INQUIRY INTO EMERGENCY SERVICES AGENCIES**

**Name:** Name suppressed

**Date received:** 2 June 2017

---

I worked at ASNSW and was bullied and witnessed bullying.

Often I was told not to give employees accommodation for training and meetings because managers simply did not like them.

I left because of how poorly I was treated after injuring my back at work. I was made to feel less than Human.

I resigned in                    this year, only now do I feel safe to provide my feedback in relation to certain styles of management resulting on my current injury and the discrimination I suffered because of this. I believe my back injury should never have happened. It should have been taken seriously after I lodged the report, I should not have been subjected to the behaviours from managers that I was.

First hand I found the experience stressful, both physically and emotionally harmful.

I hope my feedback is helpful, hopefully it will result in saving someone else experiencing the same lack of regard for bullying.
