

INQUIRY INTO EMERGENCY SERVICES AGENCIES

Please be advised that I do not know how to do a submission.

I was exposed to bullying, intimidation and discrimination by senior staff of the NSW State Emergency Service under the leadership of then Commissioner Murray Kear. This began in 2010 and ceased when I was forced into Medical Retirement

Senior management condoned this type of behavior, choosing not to address the issues but allowing the perpetrator to attain higher duties and go on to bully and intimidate others within the organisation.

I have attached one document that shows a senior member in breach of the Public Service Handbook and showed bias towards me, yet nothing was done and that person went on to become the Acting Commissioner.
