**INQUIRY INTO ELECTRICITY SUPPLY, DEMAND AND  
PRICES IN NEW SOUTH WALES**

**Name:** Mr George Kozlowski

**Date received:** 16 October 2017

---

Pay us a fair price for the solar I export to the grid. With blackouts predicted because of a lack of electricity this summer why don't you use the solar electricity that we produce. If we pay 30c per kw to use it why aren't we paid at least 30c per kw to export it? Be fair don't rip us off.
