**INQUIRY INTO ELECTRICITY SUPPLY, DEMAND AND
PRICES IN NEW SOUTH WALES**

Name: Mr Abel Terre
Date received: 16 October 2017

The feed-in tariff should represent the true value of solar, this means recognising the environmental and health benefits and the network benefits of rooftop solar. We are contributing to the power demands by the feed-in quota from our roof panels.

It is only fair that we are rewarded by not increasing the carbon foot print
