

**Submission  
No 86**

**INQUIRY INTO ELECTRICITY SUPPLY, DEMAND AND  
PRICES IN NEW SOUTH WALES**

**Name:** Mr Darren Turnbull

**Date received:** 16 October 2017

---

Our family of five supports a legislated fair price for solar feed in tariffs as we believe we remove load from the grid & actually add capacity to the network. Investment into micro power generation is the only way forward for a sustainable power network. We hope that you can support us and other solar micro generators moving forward.
