**INQUIRY INTO ELECTRICITY SUPPLY, DEMAND AND
PRICES IN NEW SOUTH WALES**

Name: Ms Kerry Oakes

Date received: 16 October 2017

I support the legislation for a fair price for solar. Why should the retailer charge me more for my power than they give me for my solar. I believe that a feed-in tariff should represent the true value of solar. I support rooftop solar as a renewable energy source as these are not polluting and are not finite like our current resources
